

Colorado Transportation Investment Office Memorandum

To: CTIO Board of Directors

From: Piper Darlington, CTIO Director and Kay Hruska, Enterprise Controller

Date: October 16, 2024

Subject: Fiscal Year 2024-25 Year-End Report

Purpose:

This memorandum provides a Fiscal Year (FY) 2024-25 year-end report for the Colorado Transportation Investment Office (CTIO) Fund 536 and Fund 537. Information provided includes FY 2024-25 unaudited revenue reconciliation information and a final budget to actual statement through June 2025.

Requested Action:

No action is requested at this time. This item is informational only.

Fiscal Year 2024-25 Year End Details:

At the close of each fiscal year, CTIO, in consultation with the Office of Financial Management and Budget (OFMB) within the Division of Accounting and Finance (DAF), compares the forecasted revenues to the actual revenues received, as well as reviews all remaining cost center balances to determine if they are eligible to roll forward to the next fiscal year. A comparison of FY 2024-25 estimated revenues for CTIO Fund 536 (Special Revenue Fund) and Fund 537 (Operating Fund) to revenues received is shown in Table 1. CTIO estimated revenues of \$155.8 million and collected actual revenues of \$137.8 million for FY 2024-25. The main factors influencing final revenue figures were:

- Tolling commencement for I-25 North Berthoud to Fort Collins was delayed and as a result, those forecasted revenues were never realized.
- Implementation of the Safety and Toll Enforcement Program was delayed on Central 70 and I-25 South Monument to Castle Rock until mid-fiscal year and has not been implemented on I-25 North Berthoud to Forth Collins impacting civil penalty collections.
- Two new tolling corridors that began their first full year of tolling operations during the fiscal year, Central 70 and I-25 South GAP, significantly outperformed the original forecasts.
- Collection of the new Congestion Impact Fee authorized under Senate Bill-24-184, was down slightly due to reduced tourism and lower than expected vehicle rentals recorded for the first half of 2025.

For a more detailed breakout of Fund 536 and Fund 537 revenues and expenses by corridor, please see the attached budget to actual statements. Although the fiscal year-end has closed, figures are unaudited and subject to change. Should there be any notable changes following the annual audit, staff will update the Board at that time.

Table 1: CTIO Revenue Reconciliation Summary

| Revenue Source | Estimated Revenue Actual Revenue | | | | | | | | | |
|---|----------------------------------|---------------|---------------|--|--|--|--|--|--|--|

| TOTAL | \$155,800,619 | \$137,799,162 | -\$18,001,457 | | | | | | | |

Budget Roll Forward

Per Policy Directive PD 703.0 and statute, all CTIO fiscal year-end cost center balances are eligible for automatic roll forward from the prior to the current fiscal year. Roll forward numbers for CTIO encompass various cost centers that are under Funds 536 and 537. Most of the total roll forward number corresponds to the balances in cost centers set up for express lanes corridors. Per statute, those funds are restricted to be used for express lane projects and operations. CTIO is in the process of finishing the roll forward process, including adjustments for revenue reconciliation. Final roll-forward amounts will be reported to the Board as part of the budget to actual statements for FY 2025-26.

Final Budget to Actual Statement

See Attachment A (CTIO Budget to Actual Fund 537) and Attachment B (CTIO Budget to Actual Fund 536) for final copies of the completed budget to actual statements and an overall review of CTIO's Fiscal Year 2024-25 financial transactions for Funds 536 and 537.

Next Steps

- Based on the adjustments identified through the revenue reconciliation process, CTIO staff will work with OFMB to adjust CTIO pools and cost centers for the current fiscal year.
- Staff will consult with the Board before spending any excess revenues or roll forwards.
