COLORADO EXPRESS LANES

C-470: I-25 to Wadsworth Boulevard

Why Express Lanes? The Answer is Simple: Choice.

Express Lanes are always built adjacent to existing general-purpose lanes and offer roadway users the choice to pay a toll, use transit or carpool for a more reliable trip. On CDOT's Express Lane corridors, travelers in all lanes (including the general-purpose lanes) see time savings of anywhere from 20% to 50%. By offering choices, Express Lanes help to reduce delays, manage congestion and keep travel times reliable for motorists.

C-470: I-25 to Wadsworth Boulevard

The C-470 Express Lanes offer a continuous trip from I-25 to Wadsworth Boulevard. Striping and signage indicates where drivers can enter and exit the lanes. Entering through an exit-only or exiting through an entrance-only section of the lane is prohibited.

Corridor Basics

- 15 miles of Express Lanes in each direction, from I-25 to Wadsworth Boulevard.
- Lanes are open 24/7.
- Free motorcycle options are available.
- No free carpool or HOV3+ option is available.
- Overhead signage indicates current toll prices. Tolls are collected through the vehicle's ExpressToll account or a License Plate Toll.
- The Safety and Toll Enforcement Program is in effect. Sophisticated roadside technology is used to enforce the following rules:
  - No weaving across double solid white lines.
  - Enter and exit through the dashed lines only.

Toll revenues helped to finance the construction of this project. In order for CDOT to pay for the project and according to traffic revenue studies, the best way to deliver the project while ensuring a reliable trip option was to toll all Express Lane users except for motorcycles.

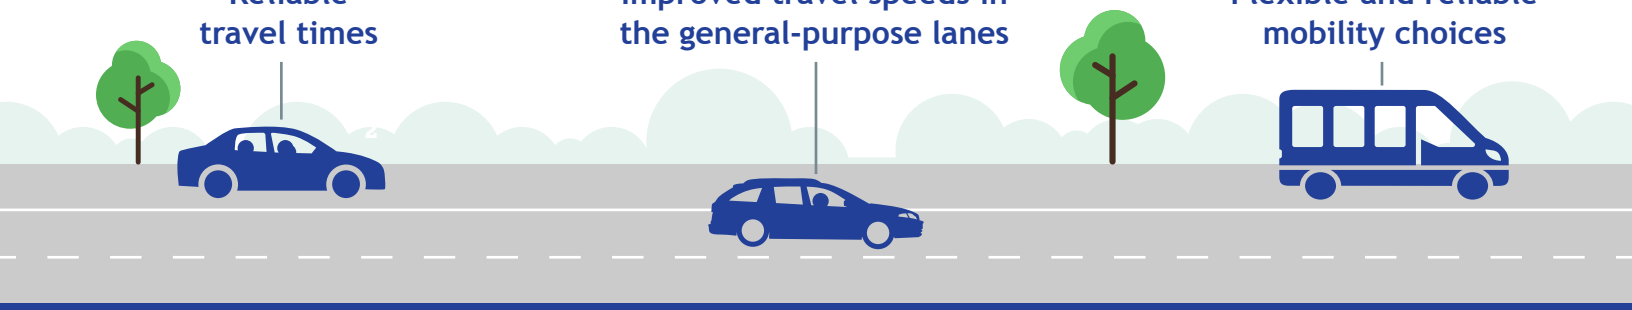

Visit expresslanes.codot.gov for more information.

Express Lanes Benefits

Reliable travel times

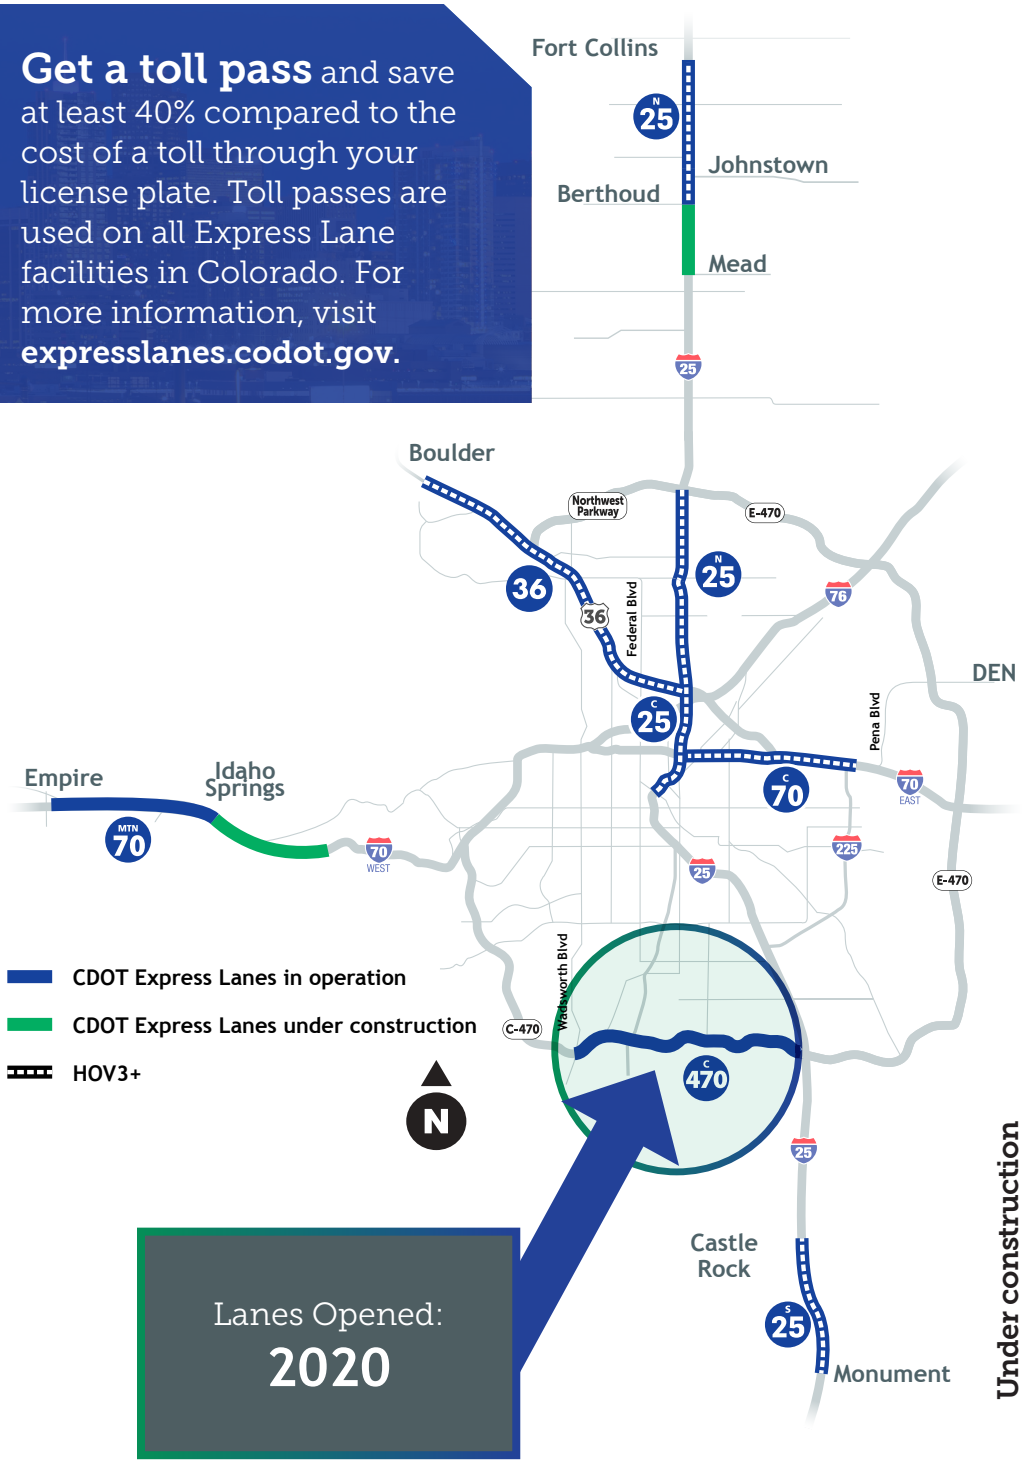

Improved travel speeds in the general-purpose lanes

Flexible and reliable mobility choices

Reduced delays on the most seriously congested corridors

Get a toll pass and save at least 40% compared to the cost of a toll through your license plate. Toll passes are used on all Express Lane facilities in Colorado. For more information, visit **expresslanes.codot.gov.**
