COLORADO EXPRESS LANES

I-25: Berthoud to Fort Collins

Why Express Lanes? The Answer is Simple: Choice.

Express Lanes are always built adjacent to existing general-purpose lanes and offer roadway users the choice to pay a toll, use transit or carpool for a more reliable trip. On CDOT's Express Lane corridors, travelers in all lanes (including the general-purpose lanes) see time savings of anywhere from 20% to 50%. By offering choices, Express Lanes help to reduce delays, manage congestion and keep travel times reliable for motorists.

I-25: Berthoud to Fort Collins

The I-25: Berthoud to Fort Collins Express Lanes were constructed are part of the series of projects known as I-25 North. This corridor includes 14 miles of northbound and southbound Express Lanes with a HOV 3+ option from CO 56 in Berthoud to just past Prospect Road in Fort Collins.

Know Before You Go

- 14 miles of Express Lanes in each direction, from Berthoud to Fort Collins.
- Lanes are open 24/7.
- Travel options include tolled vehicles, buses, free HOV3+ and free motorcycles.
- Carpoolers must have a Switchable HOV3+ Transponder and three or more people in the vehicle to use the Express Lanes for free.
- Overhead signage indicates current toll prices. Tolls are collected through the vehicle's ExpressToll account or a License Plate Toll.
- The Safety and Toll Enforcement Program is in effect. Sophisticated roadside technology is used to enforce the following rules:
  - No weaving across double solid white lines.
  - Enter and exit through the dashed lines only.
