

TYPE OF VIOLATION

**Entering/exiting Express Lane
outside authorized access zones**

WHY

Safety hazard that frequently causes accidents, as Express Lanes regularly have speed differentials compared to general purpose lanes

**Unauthorized vehicle on I-70
Mountain Express Lane**
(more than two axles, 25 feet or
longer, or trailers)

The I-70 Mountain Express Lanes are 11 feet wide instead of the Federal Highway Administration 12 feet mandate, thus it is not safe to be driven by oversized vehicles

**Vehicle using I-70 Mountain Express
Lane outside operating hours**

When the I-70 Mountain Express Lanes are closed, they act as shoulders for emergency stops
