"Having my EcoPass has made my commute to work much easier! I have always taken the bus to and from work. Having an EcoPass makes everything in my life more affordable. I can just get to work without having to panic if I don't have enough one dollar bills, which is nice! I can't tell you how many times I had been late to work just because I did not have enough change. It's just really nice not to have to worry about it anymore."
