

**CDOT Clean Transit Enterprise (CTE) Planning Grant Program
2024 CTE Approved Projects**

Applicant	Application ID	Award Amount	Project Description
Laradon Hall Society for Exceptional Children and Adults	A2.0-0006473	\$90,000	To transition their existing fleet to a fully electrified one.
Neighbor to Neighbor Volunteers	A2.0-0006474	\$40,500	To conduct a Zero Emission Vehicle (ZEV) transition planning study to determine the feasibility of transitioning to a zero or low emission transit fleet.
City of Pueblo	A2.0-0006474	\$99,000	To develop a Transit Zero Emission Vehicle (ZEV) Transition Plan to prepare for and accelerate the deployment of zero-emission transit vehicles.
Via Mobility	A2.0-0006467	\$67,500	To develop a Zero Emission Vehicle (ZEV) transition plan to give a clear, step-by-step, actionable plan to have 100% ZEVs by 2030-2035.

**CDOT Clean Transit Enterprise (CTE) Planning Grant Program
2025 CTE Approved Projects**

Applicant	Application ID	Award Amount	Project Description
City & County of Denver	A2.0-0008474	\$40,000	To analyze the growing demand for the service, the Denver Connector, and assess the need for additional charging infrastructure, expanded service types, maintenance costs, and other operational requirements as they relate to the overall fleet management and transition plan.
City of Durango	A2.0-0008465	\$40,489	To allow HDR to continue supporting Durango Transit as it implements its ZEV Transition Plans, such as confirming item costs and developing requests for quotes (FRQ) for Durango Transit to meet its specific operational needs.
Mesa County RTPO	A2.0-0008464	\$90,000	To conduct a study to determine which vehicles can be considered ZEV, explore the possibility to increase existing use of Renewable Natural Gas (RNG), and assess the integration of other types of ZEV technologies.
Town of Mountain Village	A2.0-0008475	\$35,847	To develop a Transit Zero Emission Vehicle (ZEV) Transition Plan to support the Town's transition towards a zero emission transit fleet.
