

**Resolution #TC-2021-12-10**

Approving the Match Reduction Formula granting reduced or eliminated match funding requirements to local government sponsors of Local Multimodal Transportation and Mitigation Options Fund projects.

**Approved by the Transportation Commission on December 16, 2021.**

**WHEREAS**, Colorado Revised Statutes 43-4-1103(2)(c) requires recipients of local Multimodal Transportation and Mitigation Options Fund monies to provide a match of project funding in an amount equal to the award; and

**WHEREAS**, statutes permit the Transportation Commission to reduce or eliminate the minimum rate of match funding required of local governments for Local Multimodal Transportation and Mitigation Options Fund projects due to agencies' size or any other special circumstances; and

**WHEREAS**, the Transportation Commission may also, if recommended by CDOT Staff, reduce or exempt any individual recipient from these match requirements for a specific project; and

**WHEREAS**, the Commission previously adopted a Match Reduction Formula and policy under Resolution 19-06-05 that made certain local governments eligible for match reductions; and

**WHEREAS**, as indicated by the recommendations of CDOT Staff and transportation planning stakeholders, there is a need to update the match reduction formula to achieve administrative efficiencies and to successfully implement the program by ensuring match reductions or eliminations are granted to local governments in need; and

**WHEREAS**, The Transportation Commission proposes to grant reduced or eliminated match requirements to the most disadvantaged local governments based on four criteria: Median Household Income, Median Home Value, Poverty Rate, and Percent Population aged 65 or over.

**NOW THEREFORE BE IT RESOLVED**, that the Transportation Commission adopts a Match Reduction Formula which automatically grants a reduced or eliminated minimum match funding requirement for certain local governments as shown in Appendix A, and which replaces the formula adopted under TC Resolution 19-06-05. Match funding is required on a per-project basis such that project funding from sources other than from Multimodal Transportation and Mitigation Options Funds must be equivalent to or more than the Match Rate times the total eligible project cost; and

**NOW THEREFORE BE IT FURTHER RESOLVED**, that sponsors of local Multimodal Transportation & Mitigation Options Fund projects that are not local governments shall be granted match funding rates according to those granted to the local governments of the geographic area where the agency provides its services; and

**NOW THEREFORE BE IT FURTHER RESOLVED**, that these adopted match rates shall apply to all Local MMOF project sponsors awarded funding subsequent to the date of this Resolution, and the Transportation Commission may, at its discretion, re-evaluate or update this match reduction formula as desired or prior to any annual distribution of Local MMOF funds.
