Transportation Commissioners  
Statewide Transportation Advisory Committee Members

CC: Shoshana Lew, CDOT Executive Director

**RE: Opposition to modifying TPR/MPO boundaries in CDOT Region 3**

Dear Transportation Planning Region Boundary Study Advisory Committee Members, Transportation Commissioners and Statewide Transportation Advisory Committee Members,

On behalf of the Town of Kremmling, I am writing to submit this letter in response to the TPR study mandated by HB23-1101. The Northwest TPR is located in CDOT's Region 3 and is comprised of five counties (Grand, Jackson, Moffat, Rio Blanco and Routt) as well as the 10 municipalities within those counties. **In regard to the potential changes in TPR boundaries, the Kremmling Board of Trustees strongly request that our Northwest Transportation Planning Region stay the same and that there are no additions or deletions of the members currently within the NWTTPR boundary.**

Our agencies confirm participation in an Intergovernmental Agreement each year, which includes acknowledging our cooperation in developing and maintaining a long-range Regional Transportation Plan, committing to participation in the Northwest Transportation Planning Region, and voting on chair and vice chair and representatives for STAC. Our TPR has worked together for many years with the goal to support the needs of all of the participating agencies in our rural NWTTPR, even though there are differing priorities and there is never enough funding for all the needed projects.

**We appreciate that CDOT is looking to ensure consistency and transparency of the TPR process throughout the state, and we are happy to assist with that endeavor. However, we believe our current boundaries and participating counties of the NWTTPR are appropriate and should remain unchanged. Furthermore we feel that all of the TPR boundaries within Region 3 work well for participating agencies and should stay as is.**

Sincerely,

Ashley Macdonald

Town Manager of Kremmling
