

CDOT Region	STIP ID	STIP Description	Funding Program	Amounts in Dollars				Reason for Amendment
				FY2023 Amount	FY2024 Amount	FY2025 Amount	FY2026 Amount	
4	SR45218	I-25 SB Diamond Grind: CO 1 North	Surface Treatment and TC	\$18,260,000				<p>Under the IIJA, DOTs are required to report to FHWA their pavement conditions (good/fair/poor) for Fed-Aid roadways. CDOT set a goal of 5% of these roadways will be considered poor by 2022, but we are expected to fall short on meeting this goal. To put forth a good faith effort, CDOT will extend project limits of the existing 24887 project to also include NB lanes and advertise for bidders for a Summer 2023 construction season.</p> <p>Resurface I-25 NB and SB lanes between MP's 269 and 282 in the through lanes by means of panel replacement and diamond grinding. Full scope dependent on funding availability.</p>

If you have any questions or comments regarding the amendment actions above, please submit them to:
