

# Added, Completed and Delayed-Discontinued Report Statewide Transportation Improvement Program

---

## Reading the Added and Deleted/Completed Reports

What follows are reports that demonstrate the comparison between the FY2023 – FY2026 STIP and the FY2024 – FY2027 STIP. The FY2023 – FY2026 STIP became effective July 1, 2022, and will remain in effect until the Transportation Commission adopts the FY2024 – FY2027 STIP and it is approved by FHWA and FTA.

## Added Projects

This report shows projects that are included in the FY2024 – FY2027 STIP, but were not programmed in the FY2023 – FY2026 STIP. These projects are considered “Added” as they are now qualified to receive funding in this new STIP cycle.

## Completed / Deleted-Discontinued

This report shows projects that were included in the FY2023 – FY2026 STIP, but are not programmed in the FY2024 – FY2027 STIP. The reason for not including these projects in the new STIP is primarily because the project has been completed. However, there are some projects that were unable to receive all the funding necessary for completion or are no longer a priority in that corridor. Those projects are considered delayed or discontinued.

## Added Report

CDOT Region	STIP ID	STIP Description	STIP WBS ID	STIP WBS ID Description	Current STIP Amount	Current Budgeted Amount	Planned STIP Amount	Status
02	SR26867	Regional Priorities Pool	SR26867.065	Us 50 B drainage improvements	0	0	5,500,000	Added
