

STATEWIDE TRANSIT VISION

Colorado's public transit system will enhance mobility for residents and visitors in an effective, safe, efficient, and sustainable manner; will offer meaningful transportation choices to all segments of the state's population; and will improve access to and connectivity among transportation modes.

SUPPORTING GOALS AND OBJECTIVES

Transit System Development and Partnerships

Increase communication, collaboration and coordination within the statewide transportation network by supporting and implementing strategies that:

- ▶ Meet travelers' needs
- ▶ Remove barriers to service
- ▶ Develop and leverage key partnerships
- ▶ Encourage coordination of services to enhance system efficiency

Mobility/Accessibility

Improve travel opportunities within and between communities by supporting and implementing strategies that:

- ▶ Strive to provide convenient transit opportunities for all populations
- ▶ Make transit more time-competitive with automobile travel
- ▶ Create a passenger-friendly environment, including information about available services
- ▶ Increase service capacity
- ▶ Enhance connectivity among local, intercity and regional transit services and other modes
- ▶ Support multimodal connectivity and services

Environmental Stewardship

Develop a framework of a transit system that is environmentally beneficial over time by supporting and implementing strategies that:

- ▶ Reduce vehicle miles traveled and greenhouse gas emissions
- ▶ Support energy efficient facilities and amenities

Economic Vitality

Create a transit system that will contribute to the economic vitality of the state, its regions, and its communities to reduce transportation costs for residents, businesses, and visitors by supporting and implementing strategies that:

- ▶ Increase the availability and attractiveness of transit
- ▶ Inform the public about transit opportunities locally, regionally and statewide
- ▶ Further integrate transit services into land use planning and development

System Preservation and Expansion

Establish public transit as an important element within an integrated multimodal transportation system by supporting and implementing strategies that:

- ▶ Preserve existing infrastructure and protect future infrastructure and right-of-way
- ▶ Expand transit services based on a prioritization process
- ▶ Allocate resources toward both preservation and expansion
- ▶ Identify grant and other funding opportunities to sustain and further transit services statewide
- ▶ Develop and leverage private sector investments

Safety and Security

Create a transit system in which travelers feel safe and secure and in which transit facilities are protected by supporting and implementing strategies that:

- ▶ Help agencies maintain safer fleets, facilities and service
- ▶ Provide guidance on safety and security measures for transit systems
