

## Overview

The Colorado Department of Transportation (CDOT) issued a Request for Proposal, #RFP 18-184 NM, in March of 2018 to establish a now seven-year contract for the purchase of Cutaway/Body on Chassis Buses. Proposals were requested for four (4) groups of vehicles: Light Duty, Medium Duty, Low Floor and Alternative Fuel, delineated by classes which define the passenger capacity needed for each group.

There are six classes of seating capacity.

- Class A – 6-10 passengers; 2 W/C
- Class B – 10-14 passengers; 2 W/C
- Class C – 10-16 passengers; 2 W/C
- Class D – 14-18 passengers; 2 W/C
- Class E – 18-24 passengers; 2 W/C
- Class F – 24-30 passengers; 2 W/C

The current award year (2024-2025) offers one dealer and two manufacturers.

**Davey Coach Sales** was the awarded dealer for the following manufacturer models:

- *Light Duty* Class A: **Champion Bus Crusader** – Ford Chassis
- *Light Duty* Classes A, B, C & D: **Elkhart Coach ECII** – Ford Chassis
- *Light Duty* Class D: **Champion Bus Challenger** – Ford Chassis
- *Medium Duty* Class E: **Champion Bus Defender** – Ford F550 Chassis
- *Medium Duty* Class E & F: **Champion Bus Defender** – Freightliner Diesel Chassis
- *Alternative Fuels CNG & LPG* Class B & D: **Champion Bus Challenger** – Ford Chassis
- *Alternative Fuels CNG & LPG* Class C & D: **Elkhart Coach ECII** – Ford Chassis
- *Alternative Fuels CNG* Class F: **Champion Bus Defender** – Ford F550 Chassis

The predominant fuel type is gasoline. Diesel fueled buses are limited to Medium Duty buses. The Alternative Fuels group was specifically identified to accommodate purchasers with CNG and LPG fueling needs.

## CDOT Application and Order Requirements

FTA and CDOT grant award subrecipients in Colorado are required to use this Master Price Agreement for purchasing the cutaway bus vehicle types offered. The Price Agreement was developed in accordance with all applicable state and federal procurement requirements, to allow grant award subrecipients to place orders without having to meet any other federal or state procurement requirements.

The Price Agreement offers a set “base” price for the vehicles listed on page 1. The following pages of this document include sales sheets for each vehicle on contract that provide the base price for each vehicle offering along with what is included with this base price, which are a certain floorplan, chassis information, and baseline warranties.

## DTR ADA BOC/Cutaway Bus Master Price Agreement

The Price Agreement also offers dozens of optional vehicle features and pricing to allow for complete customization of a vehicle to meet service needs. All floorplans provided with the base price can be customized to address any type of ambulatory and ADA seating needs.

Because the Price Agreement allows for customization and various total bus costs, CDOT has hired a Contract Administration firm to assist applicants and purchasers with navigating the pricing options. The Contract Administrators also assist purchasers with all CDOT and FTA required paperwork, oversee the dealers and manufacturers to verify compliance with Master Price Agreement provisions, and support CDOT staff in communicating about Price Agreement orders. The designated Contract Administrators are:

### **CDOT ADA BOC/Cutaway Bus Master Price Agreement Contract Administrators**

Ann Beauvais  
RAE Consultants, Inc.  
**Cell Phone:** 719-447-7623  
**Email:** [ann@raeconsultants.com](mailto:ann@raeconsultants.com)

Andy Cook  
RAE Consultants, Inc.  
**Cell Phone:** 719-494-7763  
**Email:** [andydonaldcook@gmail.com](mailto:andydonaldcook@gmail.com)

**To order off this Price Agreement, purchasers must contact the CDOT Contract Administrators to start the process.** The Contract Administrators will help identify the correct vehicles to meet the seating and fueling needs of the purchaser, review order form components, complete order forms with the purchaser, and work with the dealer and manufacturer on all price and contract requirements.

**To complete an application for a vehicle capital project funding with CDOT, applicants must also contact the CDOT Contract Administrators prior to completing and submitting the application for a cutaway bus.** CDOT requires that the total cost of the vehicle purchased from this Price Agreement be defined at the time of application, ***not*** at the time of scope and contract. CDOT will consider up to the entire cost of the vehicle at the time of application and intends to award the appropriate amount of funds to place an order for the vehicle in the next 10 months, in coordination with when a funding contract with the grant award subrecipient is executed.

**Applicants must include the completed cost estimate/draft order form with the vehicle capital funding application.** These forms act as the cost estimate for CDOT to evaluate and meets federal and state requirements for an independent cost estimate. Applicants must include a current (2024 dated) cost estimate derived by RAE Consultants, Inc. with their submitted application materials.

Given the time needed to validate pricing and generate a final cost estimate for the application, applicants are required to contact the Contract Administrators no later than Friday, March 15, 2024, to schedule a meeting to discuss their vehicle needs with RAE Consultants staff and begin the cost estimate process.

## **Vehicle Orders**

For purchases made in part with CDOT state awarded grant funding, orders cannot be finalized and placed until an executed grant award funding contract with CDOT has been issued **AND** CDOT has provided formal authorization to execute the purchase.

## DTR ADA BOC/Cutaway Bus Master Price Agreement

CDOT's formal authorization comes via two forms: 1) Procurement Concurrence Request (PCR) and 2) Purchase Authorization (PA). If an order is placed prior to receiving an executed state funding contract and CDOT authorization, the purchaser is responsible for payment to the vendor and may not seek reimbursement from CDOT.

FTA awarded grant funding subrecipients may elect to use pre-award authority and order the vehicle once the award has been announced by CDOT. Pre-award authority still requires working with the CDOT Contract Administrators to finalize the order and then once a funding contract with CDOT is executed, completing the PCR and PA forms to ensure full compliance with the Master Price Agreement process.

### **CDOT Required Process – Pre-Order Forms**

These forms are to be completed in the COTRAMS Portal. The CDOT forms are generated in COTRAMS based on contract, budget and milestone information.

#### **1. Procurement Concurrence Request (PCR)**

This form is to be completed and submitted to CDOT for approval per the instructions provided in the COTRAMS User Manual. The PCR informs CDOT of your procurement intentions and that the purchaser will use the CDOT Price Agreement. An FTA compliant Independent Cost Estimate (ICE) is required to be attached to the PCR, which is provided by the Contract Administrators.

#### **2. Purchase Authorization (PA)**

This form is to be completed and submitted to CDOT for approval prior to executing a Purchase Order to the ADA BOC/Cutaway Bus contracted dealer per the instructions provided in the COTRAMS User Manual.

A formally signed CDOT Master Price Agreement Order Form showing the total cost of the vehicle must accompany the Purchase Authorization form along with an FTA compliant Pre-Award Certification Audit and Price Analysis. All documents for inclusion with the PA form will be provided by the Contract Administrators.

## Section 1: Light Duty Group Offerings

## Champion Crusader - Class A Narrow Body

**2024 Base Price: \$118,998**

**CDL - No; 8 Seats/2 W.C.**

### Base Chassis Specs

- Ford E-350
- 12,500-Pound GVWR
- 7.3L V-8 Gas Engine
- 55-Gallon Fuel Tank
- 240 Amp Alternator
- 2 Group 65 Batteries  
(Combined 1400 CCA)
- Engine Block Heater
- OEM AM/FM/BT/USB Stereo
- OEM Front Bumper
- All-Season Tires
- Manual Driver Seat
- OEM Chassis Service Manual
- Spare Wheel and Tire

### Warranties

- Ford Chassis – 3-years / 36,000 mile bumper-to-bumper
- Ford Powertrain – 5-years / 60,000 miles
- Champion Coach Body – 3-years / 36,000 miles
- TransAir Air Conditioning – 3-years
- Braun Lift – 3-years / 10,000 cycles

### Base Body Specs

- Front & Rear Mud Flaps
- Locking Fuel Door
- Steel Rear Bumper
- Rear Tow Hooks
- 6"x9" Convex Interior Mirror
- Remote Power/Heated Exterior Mirrors
- Rear Heater With Booster Pump
- 70K BTU TA733 Rear A/C
- Fast Idle
- Battery Box With Slide-Out Tray
- LED Interior/Exterior Lights
- Driver's Side Running Board
- T-Slider Passenger Windows
- Exterior Drip Rails
- Six (6) Passenger Dome Lights
- Roof Hatch
- Two Complete Sets of Keys
- 5/8" Marine Grade Plywood Subfloor
- Gerflor Flooring Sealed & Coved
- Yellow Step Nosing
- Yellow Standee Line With Sign
- Fuel Sending Unit Access Panel in Floor
- Exterior Entry Door Toggle Switch
- Rear Wall Emergency Window
- Dual Wheelchair Lift Doors
- Driver Coat Hook
- Dual Overhead Grab Rails
- Driver's Modesty Panel
- Freedman Featherweight Mid-Hi Seats
- Level 3 Seat Upholstery
- ABS Seat Backs
- Freedman USR Seat Belts
- Q-Straint QRT-Max Retractors
- L-Track
- Braun Century2 1,000 # W/C Lift
- REI 4-Camera System
- CDOT Required Safety Equipment
- As-Built Bus Body Parts Manual
- As-Built Wiring Diagrams
- First Annual DOT Inspection
- 60-Day Colorado Temporary Tag

## Champion Challenger - Class D

**2024 Base Price: \$132,732**

**CDL - Yes; 14 Seats/2 W.C.**

### Base Chassis Specs

- Ford E-450
- 14,500-Pound GVWR
- 7.3L V-8 Gas Engine
- 55-Gallon Fuel Tank
- 240 Amp Alternator
- 2 Group 65 Batteries  
(Combined 1400 CCA)
- Engine Block Heater
- OEM AM/FM/BT/USB Stereo
- OEM Front Bumper
- All-Season Tires
- Manual Driver Seat
- OEM Chassis Service Manual
- Spare Wheel and Tire

### Warranties

- Ford Chassis – 3-years / 36,000 mile bumper-to-bumper
- Ford Powertrain – 5-years / 60,000 miles
- Champion Coach Body – 3-years / 36,000 miles
- TransAir Air Conditioning – 3-years
- Braun Lift – 3-years / 10,000 cycles

### Base Body Specs

- Front & Rear Mud Flaps
- Locking Fuel Door
- Steel Rear Bumper
- Rear Tow Hooks
- 6"x9" Convex Interior Mirror
- Remote Power/Heated Exterior Mirrors
- Rear Heater With Booster Pump
- 70K BTU TA733 Rear A/C
- Fast Idle
- Battery Box With Slide-Out Tray
- LED Interior/Exterior Lights
- Driver's Side Running Board
- T-Slider Passenger Windows
- Exterior Drip Rails
- Eight (8) Passenger Dome Lights
- Roof Hatch
- Two Complete Sets of Keys
- 5/8" Marine Grade Plywood Subfloor
- Gerflor Flooring Sealed & Coved
- Yellow Step Nosing
- Yellow Standee Line With Sign
- Fuel Sending Unit Access Panel in Floor
- Exterior Entry Door Toggle Switch
- Rear Wall Emergency Window
- Dual Wheelchair Lift Doors
- Driver Coat Hook
- Dual Overhead Grab Rails
- Driver's Modesty Panel
- Freedman Featherweight Mid-Hi Seats
- Level 3 Seat Upholstery
- ABS Seat Backs
- Freedman USR Seat Belts
- Q-Straint QRT-Max Retractors
- L-Track
