# VISION FOR COLORADO'S TRANSPORTATION SYSTEM

## UPDATED 10-YEAR STRATEGIC PROJECT PIPELINE - FEBRUARY 2026

Aerial photo of the I-25 Greenland Wildlife Overpass. This overpass is the world's largest structure over a major roadway for wildlife to cross.

“ In May 2019, I directed the Colorado Department of Transportation (CDOT) to embark on an effort to refresh our transportation plan and priorities based on firsthand input from residents across the state.

The resulting product – CDOT's 10 Year Plan – has been instrumental in focusing the Department on delivering a defined set of priority projects, resulting in over one billion dollars of transportation improvements across the state. In 2022, this updated plan puts new state and federal transportation funding to work and identifies the next set of projects that will advance to construction.

The CDOT team looks forward to building these projects and creating a safer, more mobile transportation system for all Coloradans. ”

*Shoshana Lew*  
– Shoshana Lew, CDOT Executive Director

# Project Pipeline

Adopted May 2020 Updated February 2026

CDOT's 10-Year Plan represents projects proposed for strategic state and federal legislative funding. The list below defines the nine column titles of the table:

**Project Type:** This indicates the primary project type, with projects classified as Highway (H), Highway with Transit (H, T), Rural Paving (RP) or Transit (T).

**TC Approved Strategic Funding (FY 19-22):** This shows projects funded by SB-1, SB-267, SB-260, and federal stimulus (2021) during the first four years of the 10-Year Plan, fiscal years 2019-2022.

**TC Approved Strategic Funding (23-26):** This shows the projects funded for the next four years of the 10-Year Plan, in fiscal years 2023-2026.

**Other Funding:** A check mark in this box indicates other funding sources (state, federal, local, grants, enterprise funding, etc.) will be utilized to deliver the project.

**Planned Funding (FY 27+):** This shows the projects planned for the outyears of the 10-Year Plan, fiscal years 2027 and beyond. These projects have yet to be prioritized or approved for funding by the Transportation Commission.

**\*Total Est. Project Cost As of 1/31/26:** This is a planning-level estimate of how much a project will cost in total. \*Total cost can include approved, other, planned and yet to be approved funding streams

**NOTE:** All numbers greater than \$1,000,000 are represented in millions of dollars. Any number under \$1,000,000 is represented in thousands. Further project information is available upon request. Please contact [aaron.willis@state.co.us](mailto:aaron.willis@state.co.us) for more information.
