

Appendix B

San Luis Valley TPR Project List

2050 Regional Transportation Plan

Project ID	Project Type	State Highway	Project Name	Project Description
2069	Highway	US 285	US 285 Saguache Multimodal Improvements	Improve US 285 through Saguache for multimodal users, pedestrians, bicyclists and those with disabilities. Enhancements will also include streetscaping and installation of wayfinding signage.
2038	Highway	US 160	US 160 Alamosa Multimodal Improvements	Improve safety in Alamosa for motorists and multimodal users. Enhancements will be made for connectivity to the Alamosa Levee Trail System and pedestrian access along US 160 between the Rio Grande Bridge and the CO 17 intersection.
2070	Highway	CO 291	CO 291 and US 50 Salida Intersection Improvements	Improve the pedestrian environment and the intersection of CO 291 and US 50 in Salida.
1051	Highway	US 285	US 285 Widening from Center to Saguache	Widen the shoulders on US 285 between Center and Saguache to improve safety by providing space for vehicles to pull off the highway in emergencies as well as a recoverable area for vehicles that veer off the main road.
2061	Highway	US 160	US 160 and Pike Avenue Intersection Improvements in Alamosa	Improve safety and connectivity for pedestrians and drivers at the Pike Avenue intersection in west Alamosa as prioritized in the 2019 Safety Study.
2456	Highway	US 50	US 50 Poncha Springs Multimodal Improvements	Includes multimodal, streetscaping and wayfinding signage improvements to US 50 in Poncha Springs.
2039	Highway	US 24	US 24 and Steel Drive Intersection Improvements in Buena Vista	Improve the safety and reduce congestion at the intersection of US 24 at Steele Drive in Buena Vista.
1302	Highway	US 160	US 160 Wolf Creek Pass East Mobility and Safety Improvements	Enhance passing opportunities, mobility and safety with the addition of widened shoulders, curve corrections, rock excavation and rockfall protection. The current chain station will be reconstructed to include fiber optic
2044	Highway	US 50	US 50 Pedestrian Crossing Improvements in Salida	Pedestrian improvements will be made to US 50 through Salida. Features will include flashing lights and striping enhancements at medians and crosswalks.
2054	Highway	CO 149	CO 149 Passing Lanes north of South Fork	Northbound and southbound passing lanes will be built between South Fork to Creede to provide stretches of highway with ample space and opportunities for faster
3701	Highway	US 160	US 160 Downtown Alamosa Lane Enhancements	Make permanent the temporary features and lane enhancements in Alamosa's downtown, including lane reductions and pedestrian bump outs to aid in traffic
3113	Highway	US 160	US 160 Del Norte Multimodal Improvements	Bike lanes and pedestrian improvements will be made at the intersection of US 160 and French Street for students and community members to have safer access to Del Norte
3116	Highway	US 160, CO 159	US 160 Fort Garland Multimodal Improvements	Pedestrian improvements will be made at the junction of US 160 and CO 159 for community members to have safer walking access to Fort Garland's Post Office and other businesses located at the busy intersection.
3110	Rural Paving	CO 370	CO 370 Resurfacing in Alamosa County	This rural road project will provide a new surface treatment on six miles of CO 370, from MP 8 to the US 285 junction. Safety improvements will include ditch crossing repairs located at Alamosa County Road 105-S and the installation

Project ID	Project Type	State Highway	Project Name	Project Description
2713	Highway	US 24	US 24 Buena Vista Multimodal Improvements	Highway corridor improvements will continue along US 24 in Buena Vista between Mill Street and Baylor Drive, and will include installation of medians, bike lane extensions, new signage, improved sidewalks with ADA accessibility and multimodal opportunities.
1319	Transit	US 285	US 285 and US 50 Poncha Springs Crossroads Welcome Center	The existing Welcome Center, located at the busy crossroads of US 285 and US 50, will have the parking lot expanded and see renovations to the adjacent transit facility. The facility will support Outrider bus service to and from Alamosa, Pueblo, Gunnison, and Denver. Mountain Valley Transit will provide commuter service to and from Salida and Buena Vista.
2531	Transit	Not applicable	San Luis Valley Regional Transit Route Plan	Creates a one-stop shop for information services (e.g., call center, website, app) and a formalized Regional Transit Council would coordinate planning and implementation of transit routes, stops and connections from the San Luis Valley to Chaffee County.
2535	Transit	US 160, US 285	Durango to Denver Essential Bus Service	A potential Bustang Outrider route would be established to and from the communities of Durango, Bayfield, Pagosa Springs, South Fork, Monte Vista, Center, Saguache, Villa Grove, Salida, Buena Vista, Fairplay and Denver. The route would carry bus passengers along the highly traveled Durango to Denver route, typically used by personal vehicles. Passengers would then have access to additional transit services along the Front Range and Denver area.
2484	Transit	US 285	Buena Vista and Salida Commuter Service	Commuter service between Buena Vista and Salida would be established with this project, connecting residents who work and live in the two separate communities.
1307	Transit	Not applicable	Monte Vista Park-n-Ride and Bus Shelter	Establish Park-n-Ride lot and bus pull-out with a shelter in the community of Monte Vista.
2532	Transit	CO 17	Northeast San Luis Valley Transit Service	This project will provide fixed route/demand response hybrid service to Villa Grove, Lazy K-V Estates, Moffat (Crestone), Hooper, Mosca, Alamosa. The project will
2045	Highway	CO 112	CO 112 Bridge Projects	Four bridges need widening from Del Norte to Center.
2046	Highway	CO 112	CO 112 Passing Lane	Del Norte to Center
2048	Highway	CO 112	Construct Intersection Improvements at CO 112/Road 10 North (Rio Grande County)	
2049	Highway	CO 112	Consider Speed Limit Reduction in the Town of Center	
2047	Transit	CO 112	CO 112 Demand Response	Daily local demand response service and assist with development of service plan for Central SLV. Connect with other sections of TPR and Bustang Outrider.

Project ID	Project Type	State Highway	Project Name	Project Description
2052	Highway	CO 136	Construct Safety Improvements on CO 136 between La Jara and Sanford	
2630	Rural Paving	CO 136	CO 136 east of La Jara	Rural road surface treatment
2056	Highway	CO 149	Install Intersection Signing at CO 149/Airport Road in Creede	
2537	Transit	CO 149	Creede Eagle Intersect	Fixed route/demand response hybrid service to Creede, South Fork, Del Norte, Monte Vista, Alamosa (connects with Eagle to Salida on Tuesdays and Alamosa on Wednesday)
2035	Transit	CO 15, CO 17, CO 136, CO 142, CO 368, CO 370,	Southern SLV Demand Response	Daily local demand response service and assist with development of service plan for southern portion of the SLV.
2057	Highway	CO 159	Perform Pavement Maintenance Along CO 159 in the Town of San Luis	
2071	Highway	CO 291	Salida ADA	Provide ADA (American with Disabilities Act) access
2538	Transit	CO112	Center Park-n-Ride	Park-n-Ride and Bus Pullouts (Eagle Shuttle) in Center
1310	Highway	US 160	US 160: Rio Grande River Bridge to CO 17	Improvements to Rio Grande bridge, realignment of roadway, and addition of bike and pedestrian facilities in Alamosa (4th Street to SH 17).
1303	Highway	US 160	US 160 Intelligent Transportation Systems (ITS) Infrastructure	This project will install fiber-optics and ITS devices between Durango and the Wolf Creek Pass Tunnel.
1304	Highway	US 160	Wolf Creek Pass - Wildlife Priority	Dynamic Wildlife Warning Signs
2058	Highway	US 160	US 160 and Sherman Avenue in Monte Vista Intersection Improvements	This intersection has had at least one fatality in recent history and several accidents and needs to be prioritized for funding to be redesigned and constructed.
2060	Highway	US 160	US160-285 Alamosa ADA	Provide ADA (American with Disabilities Act) access
2062	Highway	US 160	Passing between Alamosa and Sand Dunes National Park. Cost for 2 miles.	Passing between Alamosa and Sand Dunes National Park. Cost for 2 miles.
2063	Highway	US 160	Highway widening at Juniper and US160.	Highway widening at Juniper and US160.
2458	Highway	US 160	Del Norte Multi-modal streetscape	ADA (American with Disabilities Act) Sidewalks
1308	Transit	US 160	New Alamosa General Public Demand Response Service	Develop a demand response service available to the general public focused on Alamosa with connections to adjacent counties; 7 days/week; 2 buses
1055	Transit	US 160, US 285	New Regional Fixed-Route Service between Alamosa and Saguache	Establish fixed services Saguache to Alamosa via Monte Vista & US285; two round trips daily, 5 days/week; one bus
2541	Transit	US 160, US 285	Increase in Eagle Line's Service Hours and/or Days	Increase service of Eagle line by 2 days a week for a total of 4 days of operation each week.

Project ID	Project Type	State Highway	Project Name	Project Description
1298	Highway	US 24	US 24: Safety and Mobility Improvements on Trout Creek Pass - Phase II	Shoulder widening/bike facilities, wildlife mitigation, and addition of passing lanes and bike facilities on Trout Creek Pass.
2042	Highway	US 24	CR384/US24 Lighting	Overhead lighting at intersection
2712	Highway	US 24	US 24 pedestrian crossing improvements in Buena Vista	Relocation of "stop here" signs, add concrete median on southernmost crossing, ensure lights/buttons function, educational signage
1012	Highway	US 24, US 285	US 285: Intelligent Transportation Systems Infrastructure (Fairplay to Monte Vista)	Installation of fiber-optics and ITS devices between Fairplay and Monte Vista
2711	Highway	US 24, US 50, US 285, CO 291	Chaffee County Multimodal Transportation Plan	Multimodal plan covering bicycle, pedestrian, transit, highways/roads, airports, freight, rail, and telecommunications; assessment of safety, mobility, economic vitality, system maintenance, and strategic policies for the County's multimodal system
2065	Highway	US 285	Bridge replacements on US 285. P-12-A and P-12-B replacements.	two bridge replacements
1056	Highway	US 285	ITS/CAV: CDOT Strategic Fiber Network; add fiber on US 285	Addition of Fiber on US 160. - Intelligent Transportation Systems (ITS) / Connected and Automated Vehicles (CAV) plan -
1317	Highway	US 285	Head on Detection Warning	Forward Collision Warning (FCW)
1318	Highway	US 285	Head on Detection Warning	Forward Collision Warning (FCW)
2066	Highway	US 285	US285 Passing Lane	Passing between Alamosa and Antonito
2067	Highway	US 285	CO285/CO 136 Intersection Improvements	Construct southbound turn lane.
2068	Highway	US 285	US 285 and CR X Intersection Improvements	
2533	Transit	US 285	Service Along Southern Portion of US 285	Combination of fixed route and demand response service along the southern portion of 285. Assumes weekday service and two new vehicles at \$80k each.
2539	Transit	US 285	Saguache Park-n-Ride	Park-n-Ride and Bus Pullouts (Eagle Shuttle) in Saguache
2540	Transit	US 285	Saguache Transit Center	Transit center for expanding Eagle Shuttle services in Saguache
2041	Highway	US 50	Intersection Improvements	US50 and SH291- \$5M
2043	Highway	US 50	Consider Speed Limit Reduction in the Town of Sargents	
2459	Highway	US 50	US 50 Pedestrian crossing in Poncha Springs	
1300	Transit	US 50	Salida Park-n-Ride and Bus Pullouts	Establish Park-n-Ride, bus pull-out in Salida

Project ID	Project Type	State Highway	Project Name	Project Description
1025	Highway	US 50, US 160	FY 19 and 20 Chain Station Improvements	Chain Station improvements to provide adequate lighting and space for trucks to pull over and for drivers to chain up safely including LED lighting, signing and striping, VMS signs,
1490	Highway	Not applicable	CDOT's Region 5 Shoulder Study	This study will identify the locations in greatest need of shoulders for the limited shoulder funds.
2706	Transit	Not applicable	Local Route Circulators in Buena Vista, Poncha Springs, Salida	Develop and implement local circulating routes for each community
2709	Transit	Not applicable	Chaffee Shuttle Additional buses and replacement buses	Addition of buses to fleet; replacement of vehicles for Chaffee Shuttle
3109	Highway	US 160	US 160 safety and access improvements in East Alamosa	Install Safety and Access Improvements, including Auxiliary Lanes from Hwy 17 to Co Rd 114
3111	Highway	US 160	Hwy 160/105S intersection safety improvements	Intersection safety improvements
3280	Highway	CO 291	Mesa lane to M Street multi modal improvements	This project will improve the bicycle and pedestrian environment along SH 291 in Salida.
3105	Highway	US 285	Intersection improvements at Chaffee County Landfill	This project will reduce safety concerns at the Chaffee county landfill entrance off of US 160
3120	Highway	CO 291	CR 154 - mesa lane multi-modal improvements	This project will improve the bicycle and pedestrian environment along SH 291 in Salida. Although adjacent to Salida, this is County jurisdiction (CR154 and Rush Dr)
3281	Highway	US 24	Intersection Improvements for US 24 and Harrison	Intersection Improvements for US 24 and Harrison (Loves) Possible signal.
3106	Highway	US 285	CR 140 intersection improvements	This project will reduce safety concerns at the intersection of US 160 and CR 140
3282	Highway	US 285	CR160 intersection	This project will reduce safety concerns at the intersection of US 160 and CR 160
3112	Highway	CO 112	CO 112 - Rio Grande Bridge	this project will improve pedestrian safety connectivity from Del Norte Riverpark to Town with a crossing structure
3114	Highway	US 160	US 160 - Pedestrian Crossing	This project will improve pedestrian connectivity to the school by providing a crossing of SH 160 to French Street
3283	Highway	US 285	US 285 underpass to Vista Grande	
3117	Highway	US 285, CO 114	Installation of Engine Break Signage on US 285 and CO 114	Saguache is a major trucking pass through with semi-trucks coming from the west on Hwy. 114 and from the north and south on Hwy. 285. There are two signs coming south on 285 into town and coming north on 285. Both say engine brakes mufflers are required. There is NO sign coming into town from the west on Hwy 114. Truckers routinely ignore these signs and rely heavily on their air brakes to slow down creating serious noise pollution for residents. We'd like 3 signs on each road coming into town and we'd like them to say "NO ENGINE MUFFLERS" versus ENGINE BRAKE MUFFLERS REQUIRED. Other communities in the SLV ban engine brakes

Project ID	Project Type	State Highway	Project Name	Project Description
3118	Highway	US 285	Traffic Speed Study on Hwy 285 through Town	For years residents have been concerned with speeding truckers and passenger vehicles through town. Most of the 2400 vehicles a day that pass-through town are travelers heading to other destinations and are in a hurry to get to where they are going without much regard for residents. The current speed limit is 35MPH. We suspect this is exceeded routinely. We'd like to have it lowered to at least 25MPH (as in Del Norte). We understand that this requires a speed study by CDOT for this change to be approved.
3284	Highway	US 285, CO 114	Intersection Improvement Study at Hwy 285 and CO 114	
3119	Highway	US 285	Vulnerable Road User (VRU) Study along US 285 through Town	The one mile stretch of roadway on HWY 285 through town has no sidewalks or bike lanes. There are only two painted crosswalks that are rarely used because they are out of place. This roadway is narrow and suffers from a high volume of trucking and pass-through traffic (2400 vehicles per day). We would like a study conducted that evaluates this roadway, the dangers to pedestrians and cyclists, and recommendations on how CDOT can increase the safety on this stretch of road to alleviate the vulnerability to our active transportation community.
3285	Highway	US 285	Turn lane from US 285 (southbound) onto LL56 (Bonanza Rd.)	
3286	Highway	US 285	Pedestrian crossing across US 285 between VG Trade and Azul Pottery	
3287	Highway	CO 112	Completion of the Safety Crossing on CO 112 at schoolhouse road (Broadway and CO 112)	
3288	Highway	CO 112	Broadway and CO 112 Highway repair and overlay through Center	
3289	Highway	CO 112	Speed study on CO 112 through Center.	
3290	Highway	CO 112	Vulnerable Road User (VRU) Study along CO 112 through Town especially at Dollar General	
3291	Transit	Not applicable	Transit- Daily Circular to Saguache County towns	
3292	Highway	CO 114	Finishing the overlay of CO 114 from Saguache to the Saguache Park turnoff.	
3293	Highway	CO 112	Bridge widening on CO 112. Along with the overlay 285 to Del Norte.	
3294	Highway	US 285	Lengthen the turn in lane from Rd. T to US 285.	
3295	Highway	Not applicable	Contract w CDOT to control weeds.	
3296	Highway	US 285	Vulnerable Road User Study on US 285 Poncha Springs to Del Norte.	
3108	Multimodal	Not applicable	Alamosa Cultural Trail	Reconstruct Hunt Avenue from 6th St to Cole Park, add pedestrian elements and a shared-use path. (± \$2M covered) Multimodal 10-year project category

Project ID	Project Type	State Highway	Project Name	Project Description
3121	Multimodal	Not applicable	Safe Routes to School Trail Phase 3 Phase 3 Trail from the Crestone Kiosk to Casita Park	Phase 3 Trail from the Crestone Kiosk to Casita Park. Multimodal 10-year project category
3115	Highway	US 160	Turning lanes into Forbes Park on US 160	Needs ROW from Railroad
