

PROJECT PIPELINE

ADOPTED MAY 2020 | LAST UPDATED AUGUST 2021

CDOT's 10-Year Plan represents projects proposed for funding through SB-1, SB-267, and now SB-260. To date, CDOT has received three years of SB-267 revenue, plus one year of SB 260 revenue along with federal stimulus funding (2021). The table indicates:

Project Type: Highway (H), Transit (T), Rural Paving (RP)

Total Project Cost: This is a planning-level estimate of how much a project will cost in total.

Total Strategic Funding: This indicates how much has been approved for funding or is proposed or planned for funding by SB-1, SB-267, and SB-260, including federal stimulus funds and/or any other strategic sources of revenue that become available. *Note: Sometimes the total project cost is more than what is being proposed for strategic funding, especially for the larger projects. This indicates that CDOT may need to request additional strategic funding, or will need to leverage the strategic funds with other funding sources to deliver the project.*

Other Funding: A check mark in this box indicates other funding sources (state, federal, local, grants, etc.) will be utilized to deliver the project.

Funded YRS 1-2: This shows projects funded by SB-1, SB-267 and federal stimulus (2021) in the first two years of the 10-Year Plan.

Funded YR 3: This shows projects funded by Year 3 SB-267, and the first year of SB-260.

Proposed for YR 4: This shows the projects being proposed for Year 4 funding.

Planned for YRS 5-10: This shows the projects being planned for Years 5-10 funding.

Planning Project ID: This unique planning ID can be used to find more information about each project, including more detailed [project fact sheets](#). The planning project ID can also be used to look up projects in CDOT's [accountability dashboard](#) to find more real time information on the projects as they become funded.
