-  Surveyed area, no target plants found*

*Surveyed for Federally Listed Plant Species, USFS Sensitive Plant Species, and USFS Species of Local Concern on July 11, 2013. No target plants were found, and no further surveys are required.

Eisenhower Tunnel - West Side, Summit County

- Sensitive wetland/riparian
- Delineated wetlands (Summer 2013)
- Surveyed area, no target plants found*

Please note that the wording "sensitive wetland/riparian" was used by CDOT to convey overall habitat sensitivity in the context of the project. This wording or labeling does not constitute "sensitive" from a USFS rare biota standpoint.

*Surveyed for Federally Listed Plant Species, USFS Sensitive Plant Species, and USFS Species of Local Concern, on July 11 and July 25, 2013. No target plants were found, and no further surveys are required.
