CONSTRUCTION ANNOUNCEMENT

INTERSTATE I-25 OVER 48TH AVENUE AND I-70 RAMPS BRIDGE JOINT REPAIR WORK

BRIDGE PROJECT UPDATE

In late March 2015, the Colorado Department of Transportation (CDOT) will continue a \$1 million bridge joint replacement project on I-25 over 48th Avenue. Before the winter shutdown, ABCO Contracting Company, Inc. (ABCO) made meaningful progress on southbound I-25 and within the I-25 HOV/Toll Express Lanes.

This spring, crews will first finish southbound I-25 bridge joints over the I-70 collector-distributor ramps and then transition to northbound I-25 locations. The project is approximately 50-percent complete with an anticipated end date in late May 2015.

LANE CLOSURES AND TRAFFIC IMPACTS

In general, mainline I-25 construction activity will occur between 8PM - 5AM Sunday through Thursday and between 11PM - 10AM on weekends. The project will require single- or two-lane closures. Minor delays are expected. All work within the I-25 HOV/Toll Express Lanes is now complete. CDOT would like to remind motorists to Slow for the Cone Zone. Fines will be doubled within the work zone.

STAY INFORMED

The best way to stay up to date on travel impacts along the north I-25 corridor is to sign up for email and wireless (text) alerts. Go to CDOT's Traveler Information website www.cotrip.org and click on the green cell phone icon in the center of the page. Enter your information and choose "I-25 North Denver to Wyoming" under the "Highway Corridor Travel Information" list. Visit the project website at www.codot.gov/projects/I25over48th for more information.

If you have questions or concerns, please call the project information line or send an email to the project email address below.
