

BRIDGE REPLACEMENTS

SH 103 BRIDGE

Two bridge replacements are planned: one for the bridge carrying SH 103 over I-70 (at Exit 240) and a second at Exit 241, carrying Colorado Boulevard/County Road 314 over I-70.

Both bridges will include wider shoulders. The SH 103 Bridge will be widened to include a new, 10-foot multi-use path on the west side.
