

Comment Sheet

Public Meeting #1, April 2015

What are your overall comments regarding the planned improvements?

Do you have suggestions for minor design adjustments that should be made as the project moves from preliminary to final design?

What impacts of the improvements are you concerned about? Please list your suggestions for avoidance or mitigation of these impacts.

Do you have any comments regarding the noise wall analysis or design?

We value your opinion. Please note your favorite noise wall aesthetic treatment. Do you have any additional comments on the aesthetics?
