

EXHIBIT C – FEDERAL PROVISIONS

1. General. The Work will be financed in whole or in part with Federal funds, and the Contractor shall observe the federal laws, rules and regulations applicable to projects, which are so funded, including the requirements set forth in this Exhibit C and all attachments hereto.
2. Federal Aid Participation. The Work shall be subject to the inspection of the proper officials of the United States Government. Inspections made by authorized Federal representatives shall not make the United States Government a party to this Contract and will not interfere with the rights of the Contract parties.
3. FHWA Buy America Requirements:
 - A. FHWA Federal-aid projects are subject to 23 CFR § 635.410, Buy America requirements.
 - B. Contractor's proposal documents indicate Contractor's certification to use only domestic steel and iron. To be considered domestic, all steel and iron used and all products manufactured from steel and iron must be produced in the United States and all manufacturing processes, including application of a coating, for these materials must occur in the United States. Coating includes all processes, which protect or enhance the value of the material to which the coating is applied. This requirement does not preclude a minimal use of foreign steel and iron materials, provided the cost of such materials does not exceed 0.1 percent of the Contract Price.
4. Convict Produced Materials:
 - A. FHWA Federal-aid projects are subject to 23 CFR § 635.417, Convict produced materials.
 - B. Materials produced after July 1, 1991, by convict labor may only be incorporated in a Federal aid highway construction project if such materials have been: (i) produced by convicts who are on parole, supervised release, or probation from a prison; or (ii) produced in a prison facility in which convicts, during the 12 month period ending July 1, 1987, produced materials for use in Federal aid highway construction projects, and the cumulative annual production amount of such materials for use in Federal aid highway construction does not exceed the amount of such materials produced in such facility for use in Federal aid highway construction during the 12 month period ending July 1, 1987.
5. Performance of Previous Contract.

In addition to the provisions in Section II, "Nondiscrimination," and Section VII, "Subletting or Assigning the Contract," of the required contract provisions contained in FHWA Form 1273 (Attachment 1 to this Exhibit Q), the Contractor shall comply with the following:

The Contractor has executed the "Certification of Compliance with EEO Clause Requirements" located in the proposal. No request for subcontracting any portion of the Contract in excess of \$10,000 will be considered under Section VII of the required contract provisions contained in FHWA Form 1273 unless such request is accompanied by the form of Certification referred to above, executed by the proposed subcontractor.
