South Boulder Creek Trail Closure Nov. 2014 – April 2015

The South Boulder Creek Trail will be closed on either side of US 36 during construction of the US 36 Express Lanes Project. The trail between South Boulder Road and Marshall Road will remain open, however, for the safety of the traveling public, access under US 36 will not be allowed. This closure is necessary for the improvements being made to the South Boulder Creek bridge.

For more information please contact the project hotline at 303-404-7042 or go to www.us36expresslanes.com.
