

US 6 Bridges Design Build Project BR 0061-083

Sub Account 18838 (CN)

Date: September 12, 2012

Reply to Inquiry Request I.D. A-2

Question:

Section 3.3.3 of Addendum #1 requires that either the Design-Build Project Manager or the Construction Manager be a registered Professional Engineer.

Can this requirement be modified to require that at least one of three key personnel - the Design-Build Project Manager, the Construction Manager or the Design Manager – be a registered Professional Engineer? This would be consistent with how the requirements were changed during the US 36 Managed Lanes (Phase 1) procurement.

Answer:

No. Section 3.3.3 - Minimum Requirements of Key Personnel as published in the RFQ as Amended 9-4-12 will not be modified.
