

HISTORY OF THE C-470 CORRIDOR

- 1958 • Regional planning efforts identify the need for a southwest circumferential route.
- 1978-80 • Environmental clearance granted for C-470 from South I-25 to West I-70.
- 1982 • Construction begins.
- 1990 • Final segment of C-470 completed. Total cost was approximately \$270 million.
- 2001 • CDOT's Colorado Value Express Lanes Feasibility Study ranks C-470 from Wadsworth to South I-25 as a good candidate for consideration.
 - Additional lanes from Morrison Road to West I-70 added.
- 2003 • CDOT & FHWA begin process to initiate an Environmental Assessment & Express Lanes Feasibility Study.
