

# Mobility Enhancements

## Rideshare Program Marketing

**Description:** Signage for DRCOG's Rideshare Program.

## Commuter Bus Systems

**Description:** Express bus service and compatibility with Park-n-Ride locations as well as RTD's planned local bus improvements.

## Incident Management Plan

**Description:** Develop an Incident Management Plan for the C-470 Corridor for both Express and General Purpose Lanes.

## Advanced Traveler Information Systems

**Description:** Utilization of electronic variable message signs (VMS) as well as other technology to communicate data directly to travelers.

## Weather Information Systems

**Description:** Install a remote weather system at a strategic point along the C-470 Corridor.
