

GOALS AND OBJECTIVES

PROJECT PURPOSE

Minimize Congestion / Delay

Minimize congestion along the corridor

- Minimize congestion on C-470 from Kipling to I-25
- Provide a reasonable balance between interchange capacity and freeway operations
- Minimize traveler delay over a limited timeframe

Improve Reliability

Provide predictable travel conditions along C-470 between similar time periods

- Provide predictable travel times
- Manage capacity
- Manage incidents
- Provide choices to the most users
- Inform users of system status
