

## CO 115 & Broadway Traffic Signal Project in Penrose

### PROJECT OVERVIEW

Starting in late February, the Colorado Department of Transportation will begin a traffic signal and intersection improvement project on Colorado Highway 115 at Broadway Street in Penrose. Work includes adding traffic signals and reconstructing the roadway, installing curb ramps and sidewalks to meet Americans with Disabilities (ADA) compliance and making safety improvements. Sturgeon Electric Company has been selected as the prime contractor for this project.

### SCHEDULE & LOCATION

The project is located on CO 115 at Broadway Street and Marilyn Drive in Penrose. The work zone extends for half a mile on CO 115 from Mile Point 14.59 to MP 15.09 which is just north of US Highway 50 between Pueblo and Canon City. The project begins in late February and is expected to last until late July. Work will be performed during daytime hours Monday to Friday with some night and weekend work expected.

### TRAFFIC IMPACTS

Lane and sidewalk closures will be in place at the intersection of CO 115 and Broadway Street from project kickoff through completion. Full closures of Broadway Street to the east will exist during roadway reconstruction with detour signage in place offering alternate routes. Intermittent closures of CO 115, Broadway Street and Marilyn Drive will exist during traffic signal setup. Pedestrian access will be maintained during construction activities.

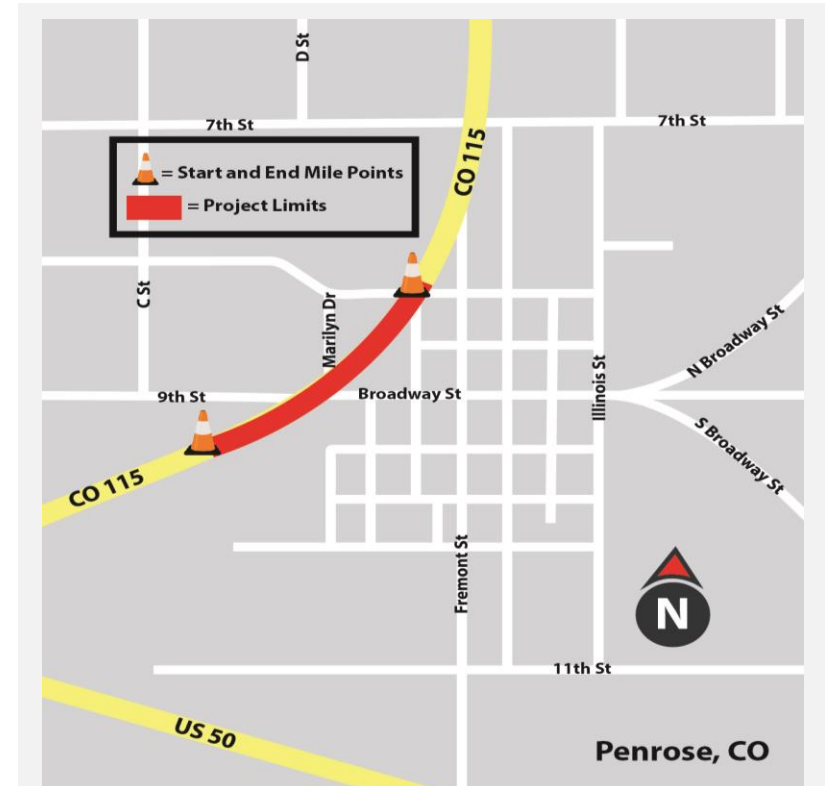

### CONTACT INFORMATION

The public is encouraged to stay informed about the project's progress and traffic impacts by contacting us via any of the options below.
