Department of Transportation

CONSTRUCTION ANNOUNCEMENT

FEDERAL BOULEVARD SAFETY IMPROVEMENT PROJECT (BETWEEN 52ND & 67TH AVENUES)

PROJECT OVERVIEW

On April 6, 2015 the Colorado Department of Transportation (CDOT) will begin a \$2 million safety improvement project on Federal Boulevard (US 287) between 52nd and 67th Avenues. The project includes construction of median islands with street lighting and landscaped planters; pedestrian countdown signals at 67th Avenue; new traffic signal heads at 54th, 56th and 67th Avenues; new crosswalks at 64th Avenue; and lighting under the Federal Boulevard bridge illuminating the Clear Creek Trail north of 60th Avenue. This project is scheduled for completion in June 2015.

The project will improve safety by consolidating left-turn movements to and from Federal Avenue. Special provisions have been made for emergency access. Project plans, which show access modifications, are available on the project website:

www.codot.gov/projects/federalmedian.

Federal Boulevard is subject to a number of construction projects this year. Every effort is being made to coordinate between projects and across jurisdictions.

LANE CLOSURES AND TRAFFIC IMPACTS

The project will require single lane closures Mondays through Fridays. Lane closures will occur between 8 a.m. to 4 p.m. north of I-76. South of I-76, lane closures will occur between 9 a.m. - 4 p.m. in the southbound direction and between 8 a.m. and 3 p.m. in the northbound direction. Weekend work is not anticipated at this time. Delays are expected. CDOT would like to remind motorists to Slow for the Cone Zone. Fines will be doubled within the work zone.

STAY INFORMED

The best way to stay up to date on travel impacts related to this project is to sign up for email and wireless (text) alerts. Go to CDOT's Traveler Information website www.cotrip.org and click on the green cell phone icon in the center of the page. Enter your information and choose "Federal Blvd Median" under the "Projects" list. Visit the project website at www.codot.gov/projects/federalmedian for more information. If you have questions or concerns, please call the project information line or send an email to the project email address below.
