Department of Transportation

CDOT to begin repaving on I-70 between Floyd Hill and Chief Hosa

What is happening on the project?

On March 27, the Colorado Department of Transportation will begin the I-70 Floyd Hill to Chief Hosa Repaving project. Work on this project will improve driving conditions and safety along this 6.4-mile stretch of I-70 through asphalt repaving, guardrail replacement, culvert cleaning, signage, and striping.

When and where are crews working?

Work will begin with safety elements, including guardrail, throughout the entire project zone between mile point (MP) 246.5 to MP 252.9. Motorists can expect paving operations, including milling and repaving, to begin in June. The project is expected to be completed in late 2022.

What are the expected travel impacts?

Starting in April, motorists should expect:

- All lane closures will take place overnight beginning Sunday nights through Friday mornings, generally between 5 p.m. and 10 a.m. Please refer to the table below for specific times for east and westbound lane closures.
- Full overnight ramp closures during on- and off-ramp paving operations at the following exits:
  - Beaver Brook/Floyd Hill (Exit 248)
  - El Rancho (Exit 251)
  - Chief Hosa (Exit 253)
- Grooved and rough pavement in sections of the project until paving operations are complete.
- Speed limits will be reduced to 55 mph through the work zone.
- Potential daytime shoulder work with minimal impact to motorists.

Sunday Nights		Monday-Thursday Nights	
Single-lane closure	Double-lane closure	Single-lane closure	Double-lane closure
Westbound I-70			
5 p.m. to 8 a.m.	8 p.m. to 7 a.m.	6 p.m. to 8 a.m.	9 p.m. to 6 a.m.
Eastbound I-70			
9 p.m. to 9 a.m.	11 p.m. to 8 a.m.	7 p.m. to 10 a.m.	9 p.m. to 6 a.m.
