

# THE I-70B RECONSTRUCTION PROJECT

**JULY 20 – NOVEMBER 17, 2010**

**Funded By Colorado's FASTER Legislation**  
*(Funding Advancements for Surface Transportation and Economic Recovery)*

<http://www.coloradodot.info/projects/I70Breconstruction>

*The I-70B Reconstruction Project is a major road improvement project taking place along Highways 6 & 50 between the Mesa Mall (24 Road) and the Grand Mesa Shopping Center (24 ¾ Road). Improvements will provide congestion relief, drainage improvements and a more appealing streetscape. Work includes the addition of two additional driving lanes; a new storm sewer system; a new concrete driving surface, an updated signal system, utility burial, lighting, curb, gutter, sidewalk, landscaping, signing and striping. Be prepared to experience the following conditions within the project area:*

- *I70B will be under construction from July 20 (Tomorrow) to November 17, 2010;*
- *Four lanes of traffic will remain open on I-70 B during construction hours. This will be done by shifting traffic to either side of the pavement as construction progresses;*
- *The Speed Limit through the project area will be reduced to 35 mph;*
- *Short traffic stops may occur and will be kept to a minimum ;*
- *Access will be maintained to businesses in the project work area - some accesses will be altered at times to facilitate construction activities;*
- *The three entrances to the Mesa Mall off of I70B will be closed at separate times during construction - two entrances will be open at all times;*
- ***The traffic lanes on I-70B will be open and fully functional by November 17, 2010.** Additional work outside of the travel lanes will be concluded in 2011.*
