

Long-term closure of westbound I-70 off-ramp to Brighton Boulevard

Dec. 7 through summer 2021

As part of the Colorado Department of Transportation’s Central 70 Project, the westbound Interstate 70 off-ramp to Brighton Boulevard will close at 7 p.m., Monday, Dec. 7 through summer 2021 to accommodate for demolition of the existing ramp and construction of the new ramp as part of the final alignment. When the ramp reopens next year, it will carry motorists from the new lowered section of I-70.

To detour, motorists will continue on westbound I-70 and exit at Washington Street, turn left to the Washington Street on-ramp to eastbound I-70 and continue back to the off-ramp to Brighton Boulevard.

Thank you for your patience and drive safely. This work is weather-dependent and subject to change.
