

EDWARDS INTERCHANGE PROJECT UPDATE

May 3, 2010

We're starting to see changes at Berry Creek and its bringing the project to life!

Early May will look about the same as April so don't expect traffic changes but do expect to see continued transformation of Berry Creek.

-Traffic will remain on the west side of the Edwards Access Road and the south side of Miller Ranch road. Traffic has been reduced to one thru-lane in each direction (auxiliary turn lanes will remain).

-Construction will be focused at the north side of Miller Ranch Road, East side of Edwards Access Road, North of I-70.
