

EDWARDS INTERCHANGE PROJECT UPDATE

For the week
of May 10, 2010

but definitely site changes*

- Traffic will remain on the west side of the Edwards Access Road and the south side of Miller Ranch road. Traffic has been reduced to one thru-lane in each direction (auxiliary turn lanes will remain).
- Crews will be excavating the slope paving under I-70 to accommodate construction of the elevated sidewalk and side wall.
- Construction will begin on the retaining wall at the east-bound on-ramp.
- Work continues at Berry Creek as we realign the creek and install a culvert structure.
