

PROJECT UPDATE: Edwards Interchange Happy Thanksgiving!

**In celebration of Thanksgiving, ACC will not be working Wednesday 11/24 –
Sunday 11/28 Work will resume on Monday 11/29/2010**

CDOT requires contractors to be off the road from noon on Wednesday through the Holiday weekend – between that and the snow ACC will not be working tomorrow. Weather permitting crews will dive right back into work on Monday and continue to form and pave the new roundabouts and sidewalks. Traffic control will be present during non-peak work hours - 9 a.m. - 4 p.m. so we ask you to continue to respect the Cone Zone.

As you know, ACC's work will go into December and the final time frame will be largely dependent on weather. The change to ACC/CDOT's original schedule is due to unforeseen underground utility conflicts and unforeseen unsuitable subgrade material. The roundabouts and sidewalks should be fully functional before crews leave this year and will return in the spring to take care of minor aesthetic work. ***We thank you for your continued patience.***

ACC will alert you to any significant traffic delays but also encourage you to check our hotline at 970-949-1102 or the CDOT website for more information <http://www.coloradodot.info/projects/i70edwardsinterchange>. Alternatively, you may contact our public information office at 970-566-6912 or via email at EdwardsInterchange@accbuilt.com.
