

PROJECT UPDATE: **Edwards Interchange** For the Week of October 10, 2010

As you know, last week ACC focused our efforts on the westbound on-ramp which should re-open tomorrow, Saturday, October 9, 2010. We had anticipated closing the eastbound off-ramp during next week's construction window but have now put that off until Tuesday 10/19 to accommodate our paving contractor. This week should be relatively tame with no major closures, just intermittent flagging within the work zone and potential delays.

Similar to previous weeks ACC will be working within the roadway performing concrete paving, sidewalk and wall construction. During non-peak regular work hours there will continue to be flagger manned lane closures between the Miller Ranch Road intersection and the eastbound on/off ramps of I-70. We encourage commuters to consider an alternate route other than Edwards exit 163 during regular business hours (9 a.m. - 4 p.m.) to avoid the inherent delays that may be experienced in the construction zone.

As stated earlier, ACC does not anticipate a closure of the eastbound off-ramp until Tuesday October, 19. The closure will last 5 days, 24-hours per day. ACC will alert you to any changes to our closure schedule but also encourage you to check our hotline at 970-949-1102 or the CDOT for website for more information

Public Information Manager: Jody Randall 720-244-7312

Each week there will be email updates about the Edwards Roundabout Interchange Project to keep all community members informed about our progress. We will also send out ALERT emails if there is an unexpected delay within the project. If you would like to be removed from this list at any time, please reply to the email and write "REMOVE" in the subject line.
