

PROJECT UPDATE: **Edwards Interchange** For the Week of October 24, 2010

Last week we announced the eastbound off-ramp would reopen on Saturday. Unfortunately, the closure of the ramp was delayed 1 day which has pushed the re-open date to Monday, October 25. The good news is this closure represents the last of the full closures on the Edwards Interchange Project.

In the next few weeks you'll continue to see the definition of the remaining roundabouts take shape, seeding/revegetation, paving, wall and sidewalk work under the bridge, median work and of course, traffic delays caused by flagger manned single lane closures. We encourage commuters to consider an alternate route other than Edwards exit 163 during regular business hours (9 a.m. - 4 p.m.) to avoid the inherent delays experienced in a construction zone.

ACC will alert you to any significant traffic delays but also encourage you to check our hotline at 970-949-1102 or the CDOT website for more information

<http://www.coloradodot.info/projects/i70edwardsinterchange>. Alternatively, you may contact our public information office at 970-566-6912 or via email at EdwardsInterchange@accbuilt.com.

Public Information Manager: Jody Randall 720-244-7312

Each week there will be email updates about the Edwards Roundabout Interchange Project to keep all community members informed about our progress. We will also send out ALERT emails if there is an unexpected delay within the project. If you would like to be removed from this list at any time, please reply to the email and write "REMOVE" in the subject line.
