

2001 NFRMPO Regional Household Travel Survey

Brief Description

- ▶ Sponsored by the North Front Range Metropolitan Organization (NFRMPO).
- ▶ Conducted during the fall of 2001.
- ▶ Purpose of the survey was to update the methodology of the regional travel model.
- ▶ 1,958 households randomly selected in the NFRMPO planning area.

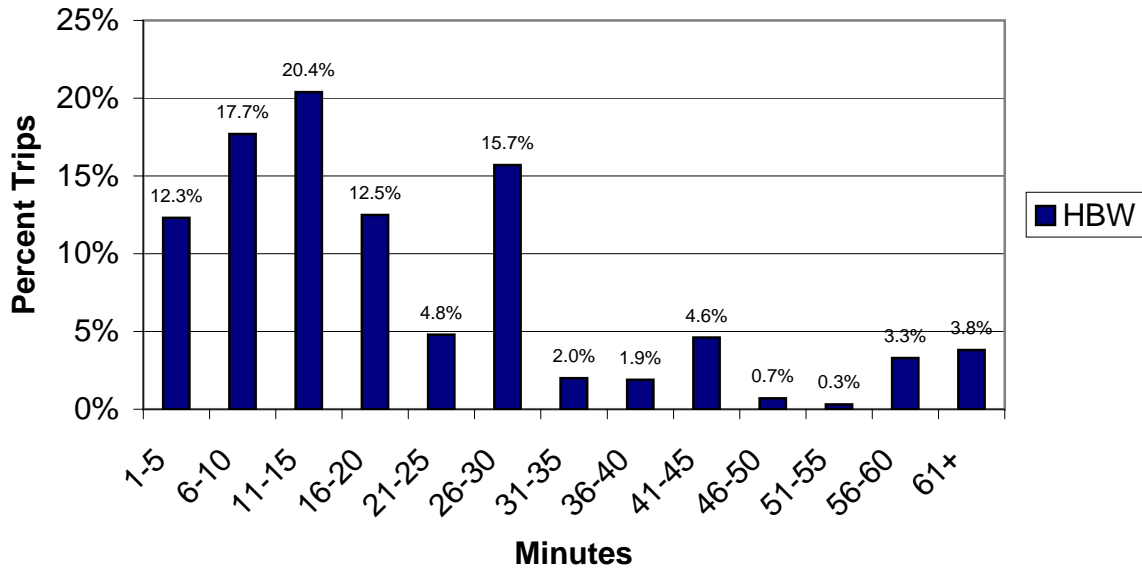

Brief Observations

- ▶ 12.7 percent of home-based work (HBW) trips were greater than 40 miles (7.4 percent were over 50 miles in length)
- ▶ 4.2 percent of home-based shopping (HBS) trips were over 40 miles in length
- ▶ 6.1 percent of work-based other (WBO) trips were over 50 miles in length
