CO24 PROJECT IN LEADVILLE

The community is encouraged to sign-up for construction updates by calling the project hotline at 970-946-4132 or email at LeadvilleUS24@gmail.com. Other information can be found on the website at <https://www.codot.gov/projects/us-24-leadville-overlay-ada-ramps>.

*Highway construction is considered essential business. Social distancing requirements are in place and must be followed on construction work sites.

Project Overview: The Colorado Department of Transportation and prime contractor, United Companies, will be conducting the following work on United States Highway 24:

- Improvements to most intersections in the work zone: demolition and reconstruction of curbs and gutters
- Accessibility improvements in compliance with the Americans With Disabilities Act (ADA); reconstruction of approximately 90 curb ramps; sidewalk additions and tie-ins; new signal at 6th St. & Harrison Ave. (US 24)
- Two miles of asphalt resurfacing from Mountain View Dr. to Elm St.

The project team is working closely with the City of Leadville and other contractors conducting work in the area to minimize overall impacts. The City will have alternative plans for parking that will be publicized at a later date. Alternating intersections in town will remain open to allow for pedestrian flow and easier access to downtown businesses. The team also is taking protective measures as it relates to historic preservation.

Travel Impacts:

- Sidewalk detours & closures
- Shoulder closures
- Possible one-lane closures during paving operations

Estimated Project Schedule (subject to change):

- Work to begin the first part of May and go through October.
- Normal working hours will be from 7 a.m. to 7 p.m., Monday through Friday. In special cases these hours may be extended.
- May through August: Demolition/reconstruction of curbs & gutters
- June through July: Replacement of traffic signal
- September through project end: Milling & paving
