US34D BUSINESS ROUTE PROJECT ANNOUNCEMENT

Roadway resurfacing and bridge improvements

PROJECT OVERVIEW

The Colorado Department of Transportation (CDOT) and Hamilton Construction Company will begin construction on US Highway 34D (Business Route) in Greeley starting on Monday, March 5th. There are two goals associated with this project. First is roadway resurfacing and shoulder improvements from SH85 along E. 18th Street to the diagonal where US 34D and US 34 meet – approximately 3 miles of surface. The second goal is bridge repair where US Highway 34D crosses the South Platte River, which is part of the federal emergency efforts brought about by the 2013 flood damage. The project also will include ADA curb ramps at 1st Avenue and E. 18th Street.

TRAVEL IMPACTS

- While resurfacing is underway, pedestrians and motorized vehicles should expect shoulder, sidewalk, lane and turn pocket closures.
- Bridge repair is scheduled to begin in June. Travelers can expect a full closure of US Highway 34D while work commences. A detour will be in place during that time. Approximate length of closure is 5 months. Prior to the bridge work starting, an occasional closure may take place in preparation for the construction.

CONTACT INFORMATION & NOTIFICATIONS

For more information, or to be added to our public outreach list to receive construction updates, please contact us at:

Phone: 970-946-8907

Email: info@heyredmarketing.com

COMMUNITY MEETING

A community meeting will be held prior to any full road closures. Please sign up for alerts to learn more about when and where the meeting will be held.

PROJECT SCHEDULE

Work is scheduled to begin on Monday, March 5th with a completion date in November. Normal working hours will be from 7 AM to 5 PM, Monday thru Friday. In special cases these hours may be extended. Weekend work is not anticipated.
