

Addendum to the Technical Memorandum “U.S. 287: Wetlands and Waters of the U.S., and CDOT Wetland Finding” dated July 7, 2003

PREPARED FOR: U.S. 287 at Lamar - CDOT Region 2
PREPARED BY: Laura Dreher/CH2M HILL
COPIES: CH2M HILL Project File
DATE: May 30, 2007

This addendum memorandum updates the Technical Memorandum “U.S. 287: Wetlands and Waters of the U.S., and CDOT Wetland Finding” dated July 7, 2003. A project site visit was conducted in April 2007 to confirm changes, if any, to the existing conditions of project area since the initial field survey. Based on the results of the site visit, it was determined that the corridor wetlands remained unchanged since the initial field survey and the determinations as documented in the July 7, 2003 Technical Memorandum and the Environmental Assessment are still valid.
