

SCOTT CONTRACTING INC.

# Important: U.S. 40 Reconstruction Project starts Mon., April 5, 2010

**(Phase 1= Up to 24 days, weather permitting)**

**Typical** work hours are 7 a.m.-7 p.m. weekdays, with some weekend and night work. Parking and business access is still available on side streets in the work zone, but some business access may be altered at times.

### Travel Tips:

- 1) Traffic will flow in one lane in each direction on U.S. 40/Lincoln Ave. through the work zone (with some limited overnight Lincoln Ave. closures during paving beginning 4/13.)
- 2) No left turns at 13<sup>th</sup> or 12<sup>th</sup> streets. Motorists are being encouraged to make their left turns outside of downtown in an effort to increase traffic flows through Old Town.
- 3) To reduce the number of vehicle trips through town, parents are being encouraged to have their children take school buses or to carpool.
- 4) Old Town workers are being encouraged to park in outlying lots and walk or take free shuttle buses to work, in order to free up downtown parking for customers. Pedestrians can cross the work zone at designated crossings (well marked).
