**PROJECT
FACT SHEET**

— PROJECT UPDATE —

Upcoming night work on US Highway 50

Crews working on the US Highway 50 resurfacing project going east from Bonforte Boulevard in Pueblo to Avondale Boulevard will begin night work. The night work is expected to begin on July 31 and continue until September 29. CDOT, in conjunction with Martin Marietta, also expects to have highway impacts 24/7 on the project. This resurfacing project also includes bridge work, guardrail replacement, ADA ramps and possible slope paving. The work being done will significantly improve the safety and functionality of the highway. Work on the project started June 13 and completion is expected this winter.

Traffic Impacts

Beginning July 31, motorists will encounter night work on US 50 from Bonforte Blvd to Avondale Blvd. Traffic impacts include:

- Night time work will be 6 p.m. to 8 a.m., Sunday through Thursday. There will continue to be daytime work Monday through Friday.
- Various lane and shoulder closures will take place within the work zone with speeds reduced to 40 mph.
- Traffic fines will be doubled in the work zone.
- Motorists should slow down as they approach the work zones, drive with caution, allow extra space between vehicles and give themselves extra travel time.
