

Salida ADA Curb Ramp and Lighting Improvements

PROJECT OVERVIEW

The Colorado Department of Transportation, in conjunction with the City of Salida, will perform construction upgrades at various locations along US 50 and CO 291 in Salida. Work begins on Monday, March 29, 2021.

This project will improve curb ramps, sidewalks, curb and gutter systems and street lighting. Work will take place on US 50 from MP 220.48 to 223.40 and CO 291 from MP 0.0 to 2.24. This project will enhance pedestrian and road safety.

TRAFFIC IMPACTS

- Daytime work hours Monday-Saturday, March through August 2021.
- Pedestrians will encounter sidewalk closures guided by flagging personnel. Sidewalks will be closed with barricades and orange fencing overnight and on weekends. Pedestrians, cyclists, and skate-boarders are not permitted in construction work areas.
- Minimal traffic delays are anticipated. Drivers will experience periodic shoulder closures and single-lane closures. The speed limit will be reduced to 40 mph within the work zone on US 50 and will be strictly enforced. Traffic fines will be doubled in the work zone.
- Street and driveway access will also be impacted with alternate routes indicated with signage. Access may be impacted but will always be maintained for businesses and property owners.
- Motorists should slow down, drive with caution and give themselves extra travel time.
