– PROJECT ANNOUNCEMENT –

Town of Palisade beginning construction on US 6

Mesa County – The Town of Palisade, Colorado Department of Transportation, and prime contractor United Companies will begin intersection improvements along US Highway 6 starting at the end of January. Work will take place between Logan Avenue and Riverside Drive.

Project improvements will include curb, gutter, sidewalk, ADA ramp, crosswalk, drainage, and median reconfigurations to establish dedicated turn lanes at intersections. This is a precursor to a larger repaving project that will begin at the end of April, 2022.

The project will improve and prolong the life of the road surface, as well as make intersections more accessible for multi-modal travelers. Work will start on eastbound lanes, move to westbound lanes and finish with a center island replacement and landscaping. The goals of these improvements are to enhance existing infrastructure, and create safer, more accessible travel paths.

Travel Impacts

Daytime work hours will range from 8 a.m. to 5 p.m. Monday through Friday. Vehicles may be reduced to a single-lane, alternating traffic intermittently in either direction, throughout the duration of the project. These lane closures are not anticipated to significantly impact travel times. Access to businesses and residences will be maintained at all times unless arrangements are made with the property owner to establish short-term detour routes. This project is currently expected to be completed this spring.

Project Contact Information

For additional information about this project, contact the project team. We encourage the public to sign up for email notifications to stay up to date on the most recent project updates. Current lane closure reports and travel impacts can be found at www.cotrip.org.
