

## Express Lanes Feasibility Study (ELFS) Overview

- The Statewide Traffic and Revenue Feasibility Study identified C-470 as one of the leading candidates
- Funding for ELFS obtained through Federal Grant that promotes congestion management strategies
- ELFS study objectives
  - Study specific characteristics of Express Lanes on C-470 Corridor
  - Determine if they would be financially feasible
  - Provide input to C470 EA
- Feasible alternatives considered equally with other alternatives in C-470 EA
