

CO 119 Safety and Mobility Improvements Project

Alternative Routes at Airport Road and CO 119

Left-turns onto northbound CO 119 and through-movements to Ogallala Road will be eliminated.

This map shows common trips at this intersection, including typical travel times from origins to destinations. During the busiest times of day, 15 to 25 vehicles per hour make these turns.

The community has nearby arterial streets with capacity to safely accommodate motorists impacted by the turn elimination. The table below shows travel times and distances for alternative routes.

CURRENT ROUTE
From Pike Road - south on Airport Road to east on Ogallala Road

Route	Distance	Time
Ogallala Road Route	6.3 Miles	10-14 Minutes

ALTERNATIVE ROUTE
From Pike Road - south on Airport Road to south on CO 119 to south on 83rd Street

Alternative Ogallala Road Route	7.0 Miles	11-16 Minutes
---------------------------------	-----------	---------------
