

Station Amenities

There are 16 station amenities listed on these boards. Use your three stickers to vote for the amenities you think are most important. You may place all three stickers on one amenity or spread them across multiple options.

Access and connectivity

- Safe and efficient traffic flow and connectivity
- Rideshare or ride-hailing (e.g., Uber/Lyft) drop-off and signage
- Connection to existing transit (bus and/or rail)
- Activities and other uses associated with the station, such as retail stores
- Bicycle and pedestrian connections

Wayfinding and Information

- Signs and directions that make it easy to find important services and nearby destinations
- Real-time train arrival times

Parking

- Adequate parking availability and management
- Bike parking and storage

Aesthetics

- Landscaping, plazas, shade trees, and other placemaking elements

Safety

- Safety and security measures (lighting, cameras, emergency phones)

Comfort and Convenience

- Restroom facilities
- Climate-controlled indoor seating
- Weather protection
- Public Wi-Fi
- Storage for recreational equipment (skis, etc.), or luggage
