

## I-70 Sustainability Working Group

### Mission

The Working Group will develop Sustainability guidance elements for each Life Cycle Phase of the I-70 Mountain Corridor Decision Process. These elements will include a Sustainability Vision, Sustainability Success Tracking, guidance for refining alternatives, a checklist for project designers and a process for prioritizing projects. Materials will be vetted through the Corridor Team, the public, and stakeholder organizations along the Corridor.

### The Working Group has Representation from:

*Colorado Motor Carrier's Association*

*Town of Frisco*

*Summit County*

*CDOT Government Relations*

*CDOT I-70 Mountain Corridor Program Area*

*Idaho Springs*

*Clear Creek County*

*Denver Regional Council of Governments*

*Federal Highway Administration*

*Northwest Colorado Council of Governments*

*Eagle County*

*Ski Country USA*

*Colorado Association of Transit Agencies*

*I-70 Context Sensitive Solutions Project*
