

## **ROAD CLOSURE ALERT**

### **Federal Boulevard Full Closure for Partial Bridge Demolition**

A full closure of Federal Boulevard is scheduled to take place on Saturday June 13 and Sunday June 14 between the hours of 8:00am and 8:00pm. Closure dates and duration will depend on BNSF train schedules. As part of the replacement of the structurally deficient bridge over BNSF and RTD Railways, northbound Federal Boulevard will be closed at 67<sup>th</sup> Avenue and southbound at 69<sup>th</sup> Avenue for demolition of the western lanes of the bridge. A northbound and southbound detour route will be available at 72<sup>nd</sup> Avenue and 64<sup>th</sup> Avenue. Alternate routes are advised and delays are expected. Due to safety concerns, pedestrians are advised to take an alternate route and to expect significant delays when attempting to cross the construction site. RTD buses and pick up locations may be rerouted. For the most up to date information on bus route changes, view alerts on [rtd-denver.com](http://rtd-denver.com). **See the map on the back of this page for more details.**

#### **FEDERAL BOULEVARD WILL BE CLOSED DAILY**

*At 67th Avenue to 69th Avenue*

**June 13-14, 2015**

**8:00am - 8:00pm**

### **Stay Informed**

Updated information regarding traffic impacts is available by calling the project hotline at 720-737-5123 or visiting the website at <https://www.codot.gov/projects/federal-69thbridge>

CDOT and the contractor team, led by Hamon Infrastructure, would like to remind motorists to slow down in the cone zone. Fines will be doubled within the work zone.

### **Background**

The Federal Boulevard & 69th Bridge Replacement over BNSF & RTD project will replace the existing deficient and functionally obsolete bridge along Federal Boulevard and reconstruct one half mile of roadway from W 67th Avenue to W 70th Avenue. The new bridge is being widened to keep two lanes open in each direction during peak travel times through phased construction. Extensive earthwork and retaining walls are required at the bridge approaches.

Completion of this project will result in a wider bridge that will allow for future expansion of the roadway. ADA curb ramps will be added for handicap access and new wider sidewalks on each side of Federal Boulevard will improve pedestrian safety. Raised medians will be added to separate traffic and aesthetic enhancements will include a raised median planter with the Westminster city logo and future sculptures. Further benefits include added lighting for Little Dry Creek pedestrian trail and a new signal at 69th Ave to access the future RTD Eagle-P3 commuter rail station.
