**Permits for Residents**

Please call 970-667-1005 to schedule an appointment to get a permit for access during the closure.

- You're allowed one permit per vehicle.
- Permits provide through access on US 34 from MP 67 to MP 83 from 6-8:30 a.m., and from 4-7 p.m. throughout the closure.
- Permit holders should plan for delays as pilot cars lead vehicles in both directions through the 13-mile work zone.
- Crews are scheduled to work seven days a week to meet the aggressive schedule.
- \*Canyon residents are defined as those living along US 34 between Mall Road and the Dam Store along County Road 43 up to Glen Haven.**
- When the work zone is closed**, the only vehicles permitted to travel through it are emergency service vehicles and, at specific times of the day, people who live in the canyon or are doing business in the canyon.
- During snow events, drivers using the US 36 detour route between Lyons and Estes Park must follow [snow chains](#) for passenger vehicles or chain laws for commercial vehicles.
