

February 2019

Peoria Street and I-70 Construction Update

Montbello 20/20

Schedule

- Phase 1 demolition (outer bridge) complete
- Columns and abutments will be installed beginning next week
- Traffic in a head-to-head configuration beginning in early March to set girders and build the deck
- I-70 traffic switched onto new widened bridge portions in early summer
- Phase 2 demolition in late spring/early summer requiring full closures of Peoria overnight
- Completed by Dec. 2019

Sidewalk Improvements at Peoria Street and I-70 Interchange

Central 70 Project expanding its original scope of work to provide greater pedestrian connectivity in coordination with other City and County of Denver projects. New sidewalks will be ADA compliant and between 10 and 12 feet wide.

Sidewalk improvements from Central 70 will be complete in Dec. 2019
